“I’M GRATEFUL TO THE DONORS THAT MADE THIS PROGRAM POSSIBLE!”

–CINDY, Program Participant

The YMCA and **LIVESTRONG** joined together to create **LIVESTRONG** at the YMCA, a physical activity and well-being program designed to help adult cancer survivors achieve their health goals. We are committed to providing a safe and welcoming environment for specialized exercise programming and community building. We focus on the whole person, not just the disease. Through **LIVESTRONG** at the YMCA, we strive to help survivors move beyond cancer in spirit, mind and body.

WHO? The program is available to adult cancer survivors (18 years +) in the Saratoga Regional YMCA community.

WHAT? **LIVESTRONG** at the YMCA is a 12-week small group exercise program for adults affected by cancer, under the guidance of specially trained health and wellness staff, and offered at no cost.

WHEN? Each session will consist of classes (meeting twice weekly) that are designed for survivors, in addition to individualized activities throughout the week that can incorporate family and or support persons.

WHERE? The program takes place at the branches of the Saratoga Regional YMCA.

WHY? The Saratoga Regional YMCA is honored to have been chosen as a host site of the **LIVESTRONG** at the YMCA program. Survivors will be provided a place to rebuild strength and stamina lost during treatment and encouraged to build relationships, both with each other and the already present community of YMCA members and staff.

The LIVESTRONG at the YMCA program helped me rebuild my body, mind, and spirit after a difficult recovery from cancer.
